Journal of Posthumanism is an international multilingual peer-reviewed scholarly journal promoting innovative work to transverse the fields ranging from social sciences, humanities, and arts to medicine and STEM. In line with the efforts of creating a broad network beyond disciplinary boundaries, the journal seeks to explore what it means to be human in this technologically-saturated, ecologically damaged world, and transcend the traditional conception of the human while encouraging philosophical thinking beyond humanism.

Journal of Posthumanism is currently under review by various indexing and abstracting services.

Journal of Posthumanism is published twice a year in May and December.

Journal of Posthumanism is published by Transnational Press London, UK.

Manuscript submissions

The aim of the Journal of Posthumanism is to provide a medium for the publication of original articles covering the entire span of Posthumanism studies. The editors are particularly keen to publish critical, multidisciplinary perspectives on a wide range of issues related to the posthuman condition.

All contributors must now submit to Journal of Posthumanism via the online submission process after registering with this website.

Works submitted for publication are entered into a double-blind peer review system and normally read by at least two assessors. The Editors' decision will be final. Articles submitted to Journal of Posthumanism should be original pieces of work, not been published before and not being considered for publication elsewhere in its final form either in printed or electronic form.

Please make sure your manuscript is prepared according to the guidelines provided on our website.

Editorial Policy

All submitted papers are screened and reviewed by the editorial and/or external reviewers. Referees are expected to provide supportive comments regarding their decisions. Following the receipt of a manuscript in the appropriate format, we anticipate a decision within three months.
